

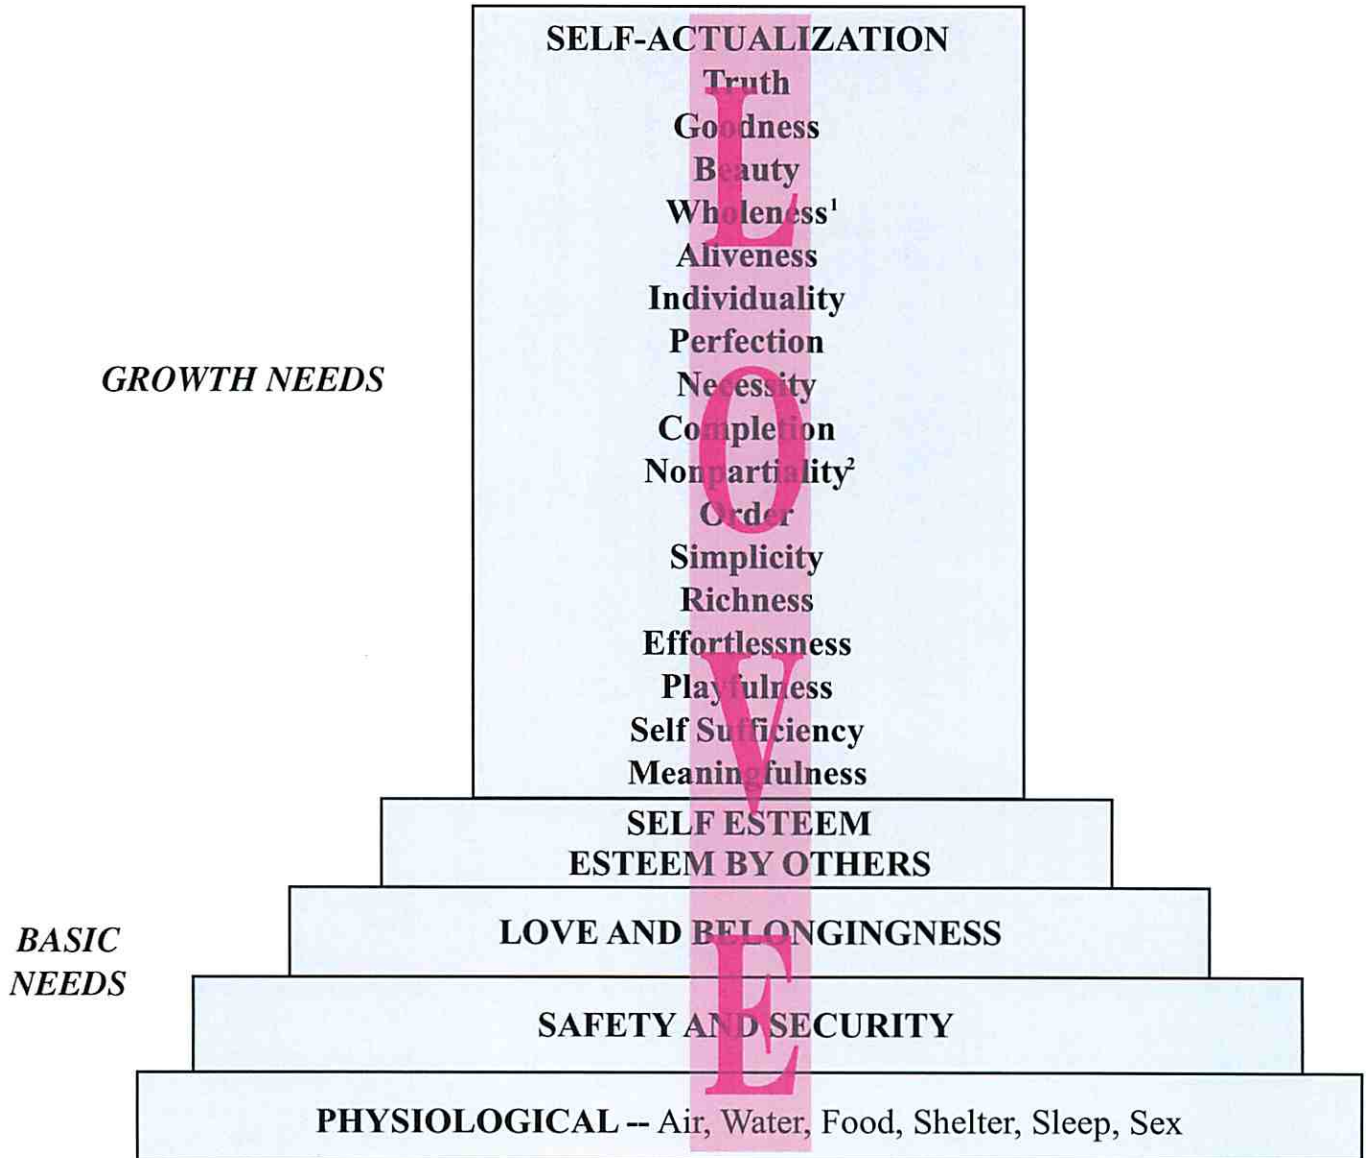

CHART 4-2
MASLOW'S MODIFIED HIERARCHY OF NEEDS
Modified to Show Permeating, Common Core of Love
and Supernal Environment

The Supernal Environment
Preconditions consisting of Universal Principles and
"Nature" of Reality

The Immediate External Environment
(Certain conditions are necessary for Need Satisfaction
such as degrees of Freedom, Orderliness,
and some stimulation or challenge)

¹ Maslow also included "Dichotomy Transcendence", or "resolution" of polarities (good and evil), in this attribute.

² Nonpartiality is used here, as also used by Maslow, rather than "Justice" which might incorrectly imply judgement.
